Product / Process Change Notification
Issue Date: November, 2023

Quantinuum H-Series Product Change Notification

Title of Change:	**H1-2 QPU and Emulator Access Removal from UMUI**
Date of Change:	November 2023
Contact Information:	QCSupport@quantinuum.com
Products Impacted:	H1-2 Quantum Computer and Emulator
Changes to Product Data Sheet:	**NO ☐ YES ☒**
Changes to Subscription Contract:	**NO ☒ YES ☐**
Changes to Interface:	**All ☒ Quantinuum API ☐ Microsoft ☐**
Description and Purpose:	The purpose of this notification is to: 1) Notify customers that the H1-2 Quantum Computer and Emulator will be permanently unavailable to Quantinuum subscribers. See additional information below for more details.
Reason / Motivation for Change:	H1-2 Quantum Computer is being removed from subscription plan access
Action Required by Customers:	Ensure future circuits are submitted to the H1-1 or H2-1 quantum computers and emulator targets for successful circuit execution

Additional Information:

1) **Notification that H1-2 and H1-2E targets will no longer be available.**

Effective November 2023, the H1-2 and H1-2E targets will be removed from the user portal access and will no longer be available for circuit execution. The H1-2 quantum computer and emulator are being transitioned to private access. H1-1 and H2-1 Quantum computer and emulators will continue to be available to users for job execution.
